NEWS RELEASE #2

**"ONCE THE HOMOSEXUALS TAKE OVER THE CHURCH,
FAITH AND MORALS WILL DISAPPEAR."**

-Bishop Ian McCormack

**"IF THE BISHOP IS HOMOSEXUAL,
IT IS INEVITABLE THAT THE DIOCESE WILL COLLAPSE."**

-Columnist Earl Louden**

**Commenting on Rembert Weakland who was compelled to resign as Archbishop of Milwaukee. It was revealed that he had paid out over \$650,000.00 to a gay partner.

The Committee for Truth in the Newark Archdiocese is a non-profit group of Catholics that have watched the Archdiocese deteriorate dramatically over the last forty years.. We have decided that it is necessary to bring to the attention of Catholics issues that are rapidly destroying our Catholic Faith and jeopardizing the souls of countless Catholic families.

In this issue, we present a serious problem that is attacking our Faith internally... homosexual activity of the Church hierarchy and clerics. In a retrospective review, it is apparent that a "Lavender League" has arisen within the Newark Archdiocese and has taken over the Chancery.

Unfortunately, this "League" has its tentacles in other dioceses throughout the country. You, who contribute to your parish collections are, unknowingly, supporting this perversion.

The following is a profile and reflection of some of the Churchmen who have played a major role in the destruction of the Newark Archdiocese and our Catholic Faith.

PROFILE #1 *Archbishop Peter Gerety*

May God have mercy on him! He sold off the seminary property, closed Boys' Town, introduced General Absolution, endorsed heretical catechisms, energetically promoted explicit sex education into the schools and basically ignored the Pro-Life movement. He is very old now; Pray for him.

PROFILE #2 *Archbishop Theodore McCarrick*

According to the New York clergy, "Father Ted" has been in the Lavender League since the late 1960's. An obvious social climber and seeker of ecclesiastical honors, he adroitly avoided ordinary parish work. Since his appointment as Archbishop of Newark in the 1980's, doctrines and morals continue their free-fall from genuine Catholicism.

An interesting anecdote which captures the silly, effeminate personality of McCarrick... A convicted murderer in New York City was about to be sentenced to prison. Bishop "Ted" gave him the following character reference:
... "Robert Chambers is a **CARING PERSON**."

Incredibly, after approximately 15 years as CEO of moral decline and financial decline in the Newark Archdiocese (the Catholic Community Services has been mysteriously drained of assets), McCarrick snookered himself an appointment as Cardinal-Bishop of Washington, D.C. By pushing the right buttons of power and influence, by funneling tons of cash to Rome, this fence-straddler, with his patented **FAKE SINCERITY**, became a Prince of the Church.

What a **TERRIBLE SCANDAL!!!**
God help our Church!

PROFILE #3 ***Archbishop John Myers***

Formerly the Bishop of Peoria, Illinois, Myers was elevated in October 2001 to the Newark Archdiocese. Everybody in ecclesiastical circles knows that bishops usually do not get promoted to a large diocese unless they belong to the "Lavender League". To cite a few (of many possible) examples:

- Bernadin - Chicago
- Hunthausen - Seattle
- Weakland - Milwaukee
- Ferrario—Hawaii

Looking at the behavior of Bishop Myers, one would presume that he is, at the very least, sympathetic with the Lavender League and their agenda. To conceal this perversion, Myers' PR machine cranked out advance bulletins stressing that Bishop Myers is a "conservative" and "he's Pro-Life"... . WOW! Think of it... A Catholic Bishop is Pro-Life!. **DON'T BELIEVE** it for a minute.

Our mothers and fathers and grandparents have been Pro-Life through good times and bad times. How can ANY Catholic get excited over a bishop giving off tiny Pro-Life "vibes"? A bishop doesn't make 1/100th of the sacrifice that a mother makes-and yet, for some Catholics, they feel a need to jump up and down when a bishop makes a token Pro-Life gesture. **BIG DEAL!**

Apparently, Myers has copied another well-known "Pro-Life Pretender", Cardinal Law of Boston. Law attended the *March for Life*, wormed his way onto the dais, and yes!, even led a rousing cheer on the microphone. All the while, back home, Law was protecting and funding countless child molesters such as Fr. Goeghan and Fr. Shanley, the chief patron on the *Man-Boy Love Association*.

Frankly, Archbishop John Myers is neither Pro-Choice nor Pro-Life. He is not ideological. He is **INDIFFERENT!** You won't see him author any heretical books, such as Hans Kung; or racy novels, such as Andrew Greeley; or schedule heretical lectures such as those of the Jesuit Father Jacques Dupuis.

No! Myers is non confrontational; very bland. Manages a smile as he pats a kindergarten child on the head for a photo op. No need to preach error. No need to take risks. Modernism has been planted in the diocese and is thriving very nicely, thank you!

The heretics have won the game...Virtually EVERY parish, EVERY school and seminary has been conquered and transformed into NEWCHURCH. The enemy has conquered, and, except for a few ineffective pockets of resistance, all is quiet on the Western Front.

John Myers is no innovator. Not a mover and shaker. No academician. No writer of tracts. No! He just wants the privileges of power: PLEASURE, VACATIONS, DINNERS, SWIM PARTIES, BROADWAY SHOWS, BOY FRIENDS. But, most of all, he wants **NO TROUBLE**.

He ducks trouble. He hides his head, usually will not answer mail or return phone calls. Or better! He escapes on another junket to Peoria or Rome or Rio De Janeiro on some pretext. Then, there is always his palatial, \$650,000.00 "hideaway" in Clinton, NJ. Let his chancellor, who is a woman, or his Communications Department deflect or mollify any problem.

While Myers personal sloth and sensuality are bad enough, the ultimate measuring stick of a Bishop's worth is to observe and evaluate the pastors who work under him. The orthodoxy of a superior is determined by the behavior of his subjects. Most of his priests are pro-contraceptive, pro-abortion , pro-sodomites, indifferent to dogma and **ABSENT**.

To find priests in their rectory ... Almost impossible! Virtually no one hears confessions or instructs converts—while the liturgies have become more and more ridiculous.

Some examples of atrocities in the Newark Archdiocese:

Item #1 In Essex County, NJ

On October 11, 2003, a Baptism took place. Much pomp and circumstance, including a lector, cantor and organist. Very extensive ceremonies. The parents of the newly baptized infant girl, Elizabeth, were exceedingly praised for their life together. Their exemplary love and care for each other. The "Presider", Fr. Anthony Cioffi, boasted of his strong friendship with the parents.

Very nice, right?

EXCEPT! The parents were **MALE HOMOSEXUALS!**

Following the Baptism (sic), a dinner party at an upscale restaurant with champagne toasts and invocations of praise for the loving (sic) couple by Father Cioffi.

Yes! A baby was baptized, but the Modernists made sure the gay lifestyle, which is immoral and so offensive to God and the Saints, was perceived as good and holy. What a victory for Satan!

Q. BISHOP MYERS, WHERE ARE YOU?

Item #2 In Essex County, NJ

During the week of November 17th, 2003, a funeral took place. As usual in **NEWCHURCH**, the celebrant assures the congregation that the deceased are all in heaven. No need to pray for the deceased. To **NEWCHURCH**, the revealed dogma of Purgatory is an anachronism. It's passé. No surprise here. All the **NEWCHURCH** funerals deny revealed doctrine, ignore the writings of St. Augustine, St. Thomas Aquinas and St. Alphonsus... As well as the constant teachings of the Popes.

But wait! The celebrant is just warming up. There is more heresy and blasphemy to follow.

QUOTE: *"..We have here in Church today many and varied religions: Catholics, Protestants, Jews, Moslems. I urge every one of you to come up and receive the eucharist (sic). After all, God wants ALL of you to receive communion. **GOD IS NOT CATHOLIC..**"*

**Q. BISHOP MYERS, WHERE ARE YOU?
HELP!!!**

Item #3 FINANCIAL COLLAPSE

Huge layoffs at diocesan offices...Schools closing. More to come. The diocese is gradually going **BANKRUPT!** Catholic Community Services is in **BIG TROUBLE**.

Item #4 SECOND GREATEST SCANDAL AMONG THE CLERGY

Many priests are stealing from the collections to support their lavish and immoral activities. Hundreds of thousands of dollars are "skimmed off" annually.

Item #5 SCANDALOUS OPULENCE

Bishop Myers proudly boasts of his jewelry and ring collections (worth an estimated half-million dollars). He also likes to show off his accumulation of Waterford crystal.

Shortly after moving into the Cathedral's rectory, Myers renovated his rooms like an interior decorator. Amongst his "new digs" was the purchase of an antique, four-poster bed decked out in a very expensive canopy made up of an elaborate, green fabric.

Bishop Myers loves to show off these rooms to the diocesan staff, including in that group is Sister Sandi, smiling in her chic pants-suit outfit with matching accessories.

No wonder the Diocese is going broke. No wonder people have turned away from this unchrist-like example by closing their wallets and, sad to say, no longer attending Mass or going to confession.

Item #6 A LESSON BY BISHOP MYERS IN "HOW TO QUELL CRITICISMS"

It goes like this: Be sure to play the "Pope Card" ad nauseum...Then put on an angry face and scowl, "The Pope appointed me, Bishop Myers!"

ATQUE - "Whatever I do or say is approved by the Pope."

ERGO - "Do **NOT** question me. I can do **NO WRONG!**"

Item #7 THE HALF-TRUTH TACTIC

Bishop Myers repeats over and over, like a broken record, the following half truth....
"We are going broke, **BUT NOT** because of **PAY OFFS** to victims of clerical abuse!"...

Does anyone really believe this???????

How many millions have been given to alleged victims? **ALLEGED! GET IT? BEFORE** the cases go to court and trial. Thus, technically, the money does not go to the victims. In street lingo, it is called "hush money."

Furthermore, the perverted priest is given a paid vacation for the rest of his life. How many no-work, no-show, but full-salaried, pension, medical-benefits priests do we have? Ten? Twenty five? Fifty? How about disclosure? Let's be open and honest! Where is the accountability???

Item #8 INVALID SACRAMENTS

Most sacraments administered by hard-core homosexuals are not valid. Not because of the objective mortal sins on their souls. Loss of the State of Grace does not automatically invalidate if proper matter, form and intention are present.

But a homosexual who denies the **DIVINE** moral order, who holds to the erroneous belief that perversion is **NOT** an **OBJECTIVE SIN** - who, in effect, denies the authority of Holy Scripture and the Magisterium-he is therefore a heretic, a non-believer. Among the

doctrines that fall (like dominos) are Transubstantiation, Redemption, Necessity of the Sacraments, Reality of Supernatural Grace, reality of sin, etc.

For example, these homo/heretics look upon Baptism as a mere initiation, not as the necessary channel of sanctifying grace. They **DO NOT INTEND** to do what the Church **INTENDS**. A substitute intention replaces the valid intention. Furthermore, many homos do not believe that water (matter) and words (form) are necessary. Ask them!

This manner of thinking carries over to all the Sacraments. In their liturgies, they **DO NOT INTEND** to act "in persona Christi" or intend that Christ be a Victim offering Himself to God the Father in propitiation for our sins. They **DO NOT INTEND** to do what the Church **INTENDS**.

Thus, to attend their Masses and receive the "eucharist" is wasteful at best, and blasphemous at worst. In any case, we urge Catholics to avoid "homo-liturgies." For example, we can forewarn you to avoid "liturgies" in Summit, Short Hills and Hillsdale.

Item #9 **LAVENDER LEAGUE**

It's important for you to know the "digs" (the parishes) where some of the members of the Lavender League reside with the knowledge and blessing of Bishop Myers. Rest assured, they collect salary and benefits and remain in good standing while they remain active in the Lavender League.

- St. John's, Hillsdale
- St. Michael's Hospital, Newark
- St. Theresa's in Summit
- St. Adalbert's, Elizabeth
- Seton Hall, South Orange
- The Cathedral, Newark
- St. Catherine's in Hillside

There are so many more that we will publish in our next **PRESS RELEASE**. With our new, "enlightened" mindsets, the priests of these parishes are not offended because to them..."Homosexuality is not a sin. It's a Virtue!"...RIGHT?

DO NOT PUT MONEY INTO THE COLLECTION!

Keep your wallet in your pocket. Jesus Christ, our poor and humble Savior showed us how to live. The homos ridicule that example of Christ by placing materialism and sensuality as their gods.

PRAY FOR THESE UNFORTUNATE PRIESTS! YES! BUT NO MONEY!!!
